Sir:

Responsive to the office action of December 7, 2004, Applicants request  
reconsideration of the application in view of the remarks presented herein.

The claims in the application are claims 1, 4 and 8 to 12, all other claims having  
been cancelled.

All of the claims have been rejected under 35 USC 102 as being anticipated by  
the WO '653 patent or the Naftchi et al '933 or '962 patents. The Examiner states that  
with respect to Applicants' arguments that the patents disclose a reaction product of two  
compounds, the Examiner states that "they still do start with the two compounds lipoic  
acid and aminoguanidine and refers to compound No. 208 in column 133 of the '933  
reference and compound No. 208 in column 119 of the '962 patent. The Examiner states  
that all the claims require is that the compounds are separate which they are before they
